## ACETAIA TESTA

Acetaia Testa is the first and only one in Lombardy and the pride of Tenuta degli Angeli. This magical location, situated on one of the loveliest hills of the Valcalepio range, exudes an atmosphere of time gone by where traditions emerge from every single corner and each careful and precise gesture, with the passion that the Testa family puts into all its enterprises.

Acetaia Testa is in the attic of a medieval 13th century tower containing the maturing and ageing racks for the Balsamo degli Angeli, a highly prestigious condiment produced exclusively according to the traditional methods. The renovation work carried out a few years ago managed to enhance even further the beautiful architecture of the original building, creating an extremely fascinating setting.

## UNIQUE EXPERIENCE

Testa Family will welcome you and personally accompany you to discover Acetaia Testa, with guided tours and product tasting, first and foremost Balsamo degli Angeli, and also the prestigious wines, jam and extra virgin olive oil "Dagli Ulivi degli Angeli".

## TENUTA DEGLI ANGELI

Tenuta degli Angeli marks excellence in the Lombardy region in the wine world, and was opened in S. Stefano in Carobbio degli Angeli in 1984. The vineyard, known as the "bomboniera" (favour) was planted by the great passion and wine-making expertise of the founder Pierangelo Testa, creating a small corner of paradise where the microclimate, the soil rich with calcareous marlstone, the southern exposure, layout of the terraces and man's great experience all guarantee a unique wine. The baton has been passed onto the female side of the family and Tenuta degli Angeli is now managed by Manuela with her daughters Laura, Roberta and Maria and her son Francesco. In the traditional masculine world of wine making the farm has managed to make its name, with the great sensitivity and determination of these five "angels".

AZIENDA AGRICOLA  
TENUTA DEGLI ANGELI

*Love for the land,  
passion for wine*

*Tradition  
in their hearts  
for generations*
